

After School Conversation Starters

I'm not the best at getting the kids to chat with me after school. My 6 year old can go on for HOURS about her day but, the tween and teen are more quiet about their school days. I like to think up and look up conversation starters to use with all the kids. Here are some of my favorite after school conversation starters.

What was the best part of your day?

What did you eat for lunch?

What's the funniest thing that happened today?

Tell me one thing you're grateful for.

What's one thing you learned today?

Did anything make you feel happy?
